## **NOTICE TO EXHIBITORS**

- ❖ Exhibitors alone are responsible for the behavior of their dogs and/or children. Any dogs and/or children that create unnecessary disturbances or repeatedly engage in unsafe or disruptive behavior may be asked to leave.
- ❖ Scores from the Tryouts will not count towards AKC titles or MACH points because these scores will not be recorded by the AKC Records Department.
- ❖ Dogs cannot be left overnight at the trial site.
- ❖ All rights to video tape, televise, advertise, photograph, promote and otherwise exploit this event are vested in the American Kennel Club. All persons and animals in attendance who appear in any resultant effort grant the use of their likeness and voice without further consent. Exhibitors may video tape individual runs for personal use.
- ❖ The rules for the 2017 Team Tryouts competition will be based upon the FCI rules which will be in effect at the 2017 AWC. These rules could include jump and A-frame height changes, course and equipment judging methods and/or rules on handler eligibility. AKC Tryouts rules will be adjusted to reflect any and all FCI rule changes which directly affect the 2017 AWC.
- ❖ FCI has a second judge on the course whose sole responsibility is judging the upside of the dogwalk. We will do the same at Tryouts. This second judge could be used for other key places if the judge cannot get into proper judging position.
- ❖ All small and medium dogs competing at Tryouts will be measured by the Agility Director. Due to stricter measuring procedures at the FCI competitions, dogs within 1" of the cutoff should be prepared to also be measured by both judges of records at the Tryouts. Dogs measuring over will run FEO (for exhibition only). Dogs who have "measured in" at the AWC in prior years do not need to be measured at WTT.

## **BASIC CRITERIA FOR ALL WORLD TEAM APPLICANTS**

A "Team" shall be considered, for purpose of these rules, to be an owner/handler or a co-owner/handler and a dog which meets requirements for height and pedigree.

A "Candidate" is the owner or co-owner handler that intends to compete for a position on the 2017 AKC Agility World Team.

Any Candidate younger than 18 years of age at WTT must be accompanied by a parent or legal guardian at their own expense (e.g.: air, hotel & ground travel) at the WTT competition and AWC competition as well as team practices, should the minor become an AKC AWC Team member.

The Candidate showing the dog at WTT will be the only handler allowed to compete with the dog at the AWC competition.

The handler of the dog at WTT must be the handler who showed the dog to gain its minimum score or title requirements.

Candidates must be the registered owner or co-owner of record of the dog at entry closing time for WTT.

Candidate must be willing to travel with the team to the AWC.

Dogs must have a three generation pedigree showing three generations of purebred lineage. (This is a requirement of the FCI Agility World Championships, not the AKC.)

The FCI requires that every dog have an AKC registration number and acceptable FCI recognized pedigree.

Dogs with cropped ears will not be allowed to compete at the FCI World Championship in The Czech Republic in 2017. Dogs with docked tails will be allowed to compete.

Team members must attend the two Team practices (Jun 23-25 and Aug 18-20), arrive in Liberec by the Monday night prior to the event and attend all the practices in Europe prior to the AWC.

Candidate must be willing to acquire any documentation required by the local government(s).

Team Members must be willing to have their dog treated for tapeworm within 30 days of the competition if the host country requires it.

Team Members must be willing to vaccinate their dog for rabies no more than one year prior, but also no less than one month prior to the date of the competition. Please note that it is important that your dog's microchip and/or tattoo numbers be on your rabies certificates. You will likely need to ask your vet to manually add this information and sign it as it is not common practice to include it. ISO compatible microchips are the only ones recognized in Europe.

Candidates must be in good standing with the American Kennel Club. Any Candidate who has received a misconduct charge during the year prior to tryouts will not be allowed to compete at WTT. Any handler who receives a misconduct charge after earning a spot on either team, and before the competition, may also be subject to sanction up to and including removal from the team by the Team Coach and AKC Director of Agility.

Candidates must at all times demonstrate extreme Good Sportsmanship while participating in or watching any agility event. The Team Coach & AKC Director of Agility may refuse entry to WTT and/or the AWC team to any handler who demonstrates verbal or physical abuse to a dog or fellow competitor or acts abusive or challenging to an agility judge.

Candidates are representatives of the agility program in the United States and are also representing those companies which sponsor agility in the United States

## **HEIGHT DIVISIONS**

Small - 12 inches - for dogs 13-3/4" and under at the withers  
Medium - 16 inches - for dogs 16-7/8" and under at the withers  
Large - 24 inches - for dogs over 16-7/8" at the withers

## AWC TEAM SCORING

Three spots per jump height will be guaranteed on the team based on their performance at these Tryouts.

- There will be five rounds total over two days and every dog will run every round – two JWW and three standard runs.
- Standard course time (SCT) for each round will be set based on an average of the 2 fastest non-E rounds plus 10%.
- Time faults will be calculated as the actual number of seconds over the calculated SCT to three decimal places.
- AWC Team spot #1 comes from the three Saturday rounds of competition - cumulative score (faults, then time).
- AWC Team spot #2 and #3 come from top placements points earned in all five rounds of competition.
  - Dogs placing in the top 50% of their jump height in any round get points (8 points for 1<sup>st</sup> place, 7 points for 2<sup>nd</sup> place, etc. if there were 16 dogs). Dogs must have a clean round to get points for that round.
  - The dog with the highest number of points wins spot #2. The dog with second highest number of points wins spot #3.
  - If there is a tie in points, the dog that placed in the most rounds wins the spot. If there is still a tie, the dog with the most 1<sup>st</sup> places wins – if needed, the dog with the most 2<sup>nd</sup> places wins, etc. If still tied, the dogs with the highest number of seconds under SCT from placing rounds wins.
- If the same dog wins spot #1 and spot #2 or spot #3, the dog with the next highest number of placement points will be given the spot.
- AWC Team spot #4 will be chosen by the Coach and Team management after the WTT.

## AWARDS

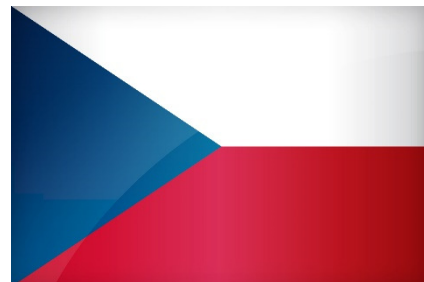

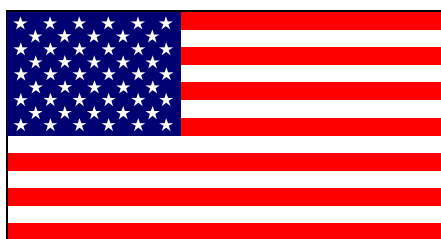

Rosettes will be given for 1st-3rd places in each individual round in each jump height.

Rosettes will also be given for each dog winning spots on the AWC team in each jump height.
